

Quick Settings

Security

TLS OFF
SSL ON both for incoming and outgoing servers
Outgoing Port 25
Incoming Port 993

Server Information

Server type IMAP
Incoming Server server.psychiatry.uiowa.edu
Outgoing Server server.psychiatry.uiowa.edu

Reply Email Address [name]@uiowa.edu ex: greg-ginther@uiowa.edu

User Name ex: gginther

(This is your IPL user name. It is not the same as your [name] with regard to your [name]@uiowa.edu email address.)

Eudora Notes

Outgoing SSL does not seem to work.

Incoming SSL seems to be OK. (set to: "Required, STARTTLS")

SMTP Authentication is OK.
